Bad Ems is a true paradise for healing springs. Thanks to geological peculiarities the resort is blessed with numerous "water treasures", which already served health in the Middle Ages. You will find the Roman source nearby the Logierhaus in the Brunnenhalle, Römerstraße 1, 56130 Bad Ems. Do something good for yourself and try the more than 40°C warm healing water! Information on **health offers** can be obtained from the spa administration in the Kursaal, Römerstraße 8, 56130 Bad Ems, Phone: ++0049-(0)2603-9730.

The casino ("**Spielbank**") and the adjoining spa Rooms building ("**Kursaal**") as well as the spa theatre ("**Kurtheater**") belong to the core of the Bad Ems spa area. Concerts, exhibitions and lectures regularly take place here. The dates can be obtained from the tourist information at the main railway station.

In and around Bad Ems, hikers will find numerous signposted paths. Fascinating views, wild and romantic valleys, bizarre rock formations and the refreshing Lahn right in the middle - here you will find hiking pleasures every step of the way. The "hiking country" Bad Ems offers a variety of paths, from easy to quite tight, sometimes relaxing directly on the river, sometimes challenging and steep uphill on the rock.

A ride on the "Kurwaldbahn" to the Bismarckhöhe with a subsequent walk down into the valley is also recommendable. With an incline of 78 percent, the Kurwaldbahn is one of the steepest funicular railways in the world, overcoming 220 meters long and 132 meters altitude difference.
